

2026, A MAGICAL YEAR: MASKS & BERGAMASKS CONTINUES ITS PERFORMANCES ACROSS CANADA AND THE UNITED STATES.

Since 1998, this musical entertainment designed for the corporate world has become, for thousands of spectators, the shimmering memory of a moment of pure magic. Perfectly harmonized with a four-course dinner (or more) and tailored to your specific needs, the performance accompanies the evening with elegance, creating powerful emotional highlights without ever disrupting the conviviality of event.

Born in Québec city and acclaimed in Montréal, Charlevoix, Ottawa and Toronto, Masks & Bergamasks has also conquered the international stages with notable performances in New York, the Bermudas and across the United States.

Halfway between staged production and roaming musical entertainment among the guests, Masks & Bergamasks brings together world-class artists. Two singers, accompanied by a pianist, form an ensemble driven by an inventive production where sumptuous costumes and evocative props are integral to the experience. The show, divided into four acts, takes you on a journey through the greatest hits of the musical *The Phantom of the Opera*, famous film scores, popular operas, and timeless classics that will transport you through time.

Equally at ease in large-scale international galas and in more intimate settings, Masks & Bergamasks appeal to large corporations and smaller organizations alike in search of an exceptional moment. From convention halls to private evenings, the same artistic excellence transforms each event into an unforgettable memory.

As enchanting as ever after all these years, Masks & Bergamasks remain one of the most refined high-end entertainment experiences available.

Get in touch with our team to offer your audience an evening that will extend the sense of wonder long after the final note has faded.
